### 2 Definitions

Carrier	The contractual carrier with whom the consignor has concluded the contract of carriage or a successive carrier who is liable on the basis of that contract. If the carrier is not a railway undertaking (where national law permits that), he is to entrust the performance of the carriage by rail to a railway undertaking which acts as a successive carrier, substitute carrier or an auxiliary to the carrier within the meaning of a person for whom the carrier is liable in Article 40 CIM.
CIM/SMGS consignment note	CIM/SMGS consignment note to the design shown in <i>Appendix 5</i> to this manual which documents the CIM and SMGS contracts of carriage for traffic between CIM and SMGS states
Exceptional consignment	Within the area in which the CIM applies, the definition below, based on UIC leaflet 502-1, applies: A consignment is considered as exceptional, if, because of its external dimensions, its mass or its nature, it gives rise to special difficulties for one of the carriers taking part in the movement taking account of railway installations and wagons and therefore can only be authorised under special technical or operating conditions.
Payer of charges	Person through whom the consignor or consignee entrusts to pay the freight charges, and whom the consignor, as payer, enters on the consignment note, and who has a contractual relationship with the corresponding carrier (Art. 31 SMGS Payment of costs and contractual penalties).
Railway	Infrastructure located on the territory of an SMGS Member State.

Reconsignment point	Interface between the CIM and SMGS regimes of carriage. The reconsignment point is <ul style="list-style-type: none"><li>- for CIM → SMGS traffic: both the destination point for the CIM contract and the forwarding station for the SMGS contract,</li><li>- for SMGS → CIM traffic: both the destination station for the SMGS contract and the acceptance point for the CIM contract</li></ul>
Seal	For the purposes of this manual, the term “seal” is to be understood both as a seal and a sealing device
Substitute carrier	A carrier who has not concluded the contract of carriage with the consignor but to whom the carrier has entrusted the performance of the carriage by rail in total or in part. This definition only applies to the CIM contract of carriage
Transshipment point/ change of gauge point	Location at which the consignment is transhipped or the wagon is regauged.

### 3 Purpose of the manual

This manual contains a specimen of the CIM/SMGS consignment note and instructions for its use. It describes an alternative to the classic system of consignment with retranscription of a SMGS consignment note to a CIM consignment note or from a CIM consignment note to a SMGS consignment note at the reconsignment point.

### 4 Scope

This manual is intended for members of the CIT and their customers and to participants in the SMGS and their consignors and consignees and applies to consignments:

- initially subject to the CIM Uniform Rules and then subsequently to the SMGS, or vice versa, and
- which are presented for carriage with a CIM/SMGS consignment note, and
- which are carried by the CIM and SMGS carriers listed in *Appendix 1* to this manual, and
- which remain under the supervision of a CIM or SMGS carrier at the reconsignment point.

Within the CIM area, the provisions of this manual are applicable if they have been agreed between the customer and carrier as well as between the carriers themselves. The use of a CIM/SMGS consignment note is presumed. In the SMGS area, the provisions of this manual apply only to those traffic axes specified by the SMGS participants which apply this manual.

## **B. Common provisions for paper and electronic consignment notes**

### **5 Legal basis**

CIM Article 6 § 8 and SMGS Article 13 form the legal basis for the CIM/SMGS consignment note.

### **6 Conditions of use**

Within the limitations laid down in this manual, the CIM/SMGS consignment note may be used as a CIM consignment note in the area in which the CIM applies and as an SMGS consignment note in the area in which the SMGS applies. The same principle also applies to the use of the CIM/SMGS consignment note as a customs document.

### **7 Content of the consignment note**

*Appendix 2* to this manual contains explanatory notes on the content of the CIM/SMGS consignment note.

### **8 Languages**

#### **8.1 Description of the boxes on paper consignment notes and on printouts of the electronic consignment note**

Descriptions of the boxes are to be printed in two, or as appropriate three, languages of which one must be Russian and another English, French or German\*. For consignments to or from the People's Republic of China, descriptions of the boxes are additionally to be printed in Chinese.

#### **8.2 Content of the consignment note**

The entries on the consignment note are to be in the following languages:

- a) Boxes which refer to both the CIM and SMGS contract of carriage: Russian plus English, French or German\*. For consignments to the People's Republic of China, the consignment note may additionally be completed in Chinese,
- b) Boxes which only refer to the CIM contract of carriage: English, French or German\*,
- c) Boxes which only refer to the SMGS contract of carriage: Russian. For consignments to the People's Republic of China, the consignment note may additionally be completed in Chinese.

### **9 Reconsignment points**

*Appendix 3* to this manual contains the list of reconsignment points.

---

\* Parties involved in the movement may agree to use a language other than English, French or German. For dangerous goods consigned under the RID, only the states involved in the CIM contract of carriage may authorise a derogation on the language to be used for the information shown on the consignment note.

## **10 Contractual parties**

### **10.1 Consignments from states which apply the CIM Uniform Rules**

The consignor shown on the consignment note is the consignor for the CIM contract of carriage and simultaneously consignee of the CIM contract of carriage and consignor for the SMGS contract of carriage.

The last carrier under the CIM contract of carriage is authorised and obliged to act for the consignor in accordance with the consignor's instructions at the reconsignment point.

### **10.2 Consignments from states which apply the SMGS**

The consignor shown on the consignment note is the consignor for the SMGS contract of carriage and simultaneously consignee of the SMGS contract of carriage and consignor for the CIM contract of carriage.

The final carrier under the SMGS contract of carriage is authorised and obliged to act for the consignor in accordance with the consignor's instructions at the reconsignment point.

## **11 Payment of charges**

Except where otherwise agreed between the consignor and the carrier, the following provisions are applicable:

### **11.1 Consignments from states which apply the CIM Uniform Rules**

Charges arising from the CIM contract of carriage are to be paid by the consignor.

Charges associated with the SMGS contract of carriage are to be paid by the consignee. If the consignee pays via a payer of charges, this person should be named in the consignment note.

### **11.2 Consignments from states which apply the SMGS**

Charges associated with the SMGS contract of carriage are to be paid by the consignee. If the consignee pays via a payer of charges, this person should be named in the consignment note.

Charges arising from the CIM contract of carriage are to be paid by the consignee.

## **12 Liability, CIM/SMGS formal report, CIM/SMGS claims, payment of compensation**

### **12.1 Liability**

The provisions of the CIM Uniform Rules and the SMGS for liability remain unchanged by the use of a CIM/SMGS consignment note.

### **12.2 CIM/SMGS formal report**

The CIM/SMGS formal report is to be made out in accordance with Article 42 CIM or Article 29 SMGS.

The explanatory notes on filling out the CIM/SMGS formal report together with a specimen of it are shown in *Appendices 8 and 8.1* of this manual.

## 12.3 CIM/SMGS claims

### 12.3.1 Principles

Claims for the total or partial loss of or damage to goods in consignments accompanied by CIM/SMGS consignment notes are to be submitted and handled in accordance with the provisions of the CIM (Articles 43 to 45 CIM) and of the SMGS (Art. 46 SMGS) together with the provisions below:

#### 12.3.2 The CIM/SMGS claims handling procedure for claims submitted in the area in which the CIM applies

If the CIM competent carrier establishes that the cause of the loss or damage did not lie or did not lie exclusively within in the area in which the CIM contract of carriage applies, he is to assess the claim for damages relating to liability in the area in which the CIM Uniform Rules apply and notify his decision to the person entitled.

For subsequent handling within the area in which the SMGS applies, the CIM competent carrier is to send the claim for damages together with the documentation submitted to the processing SMGS carrier<sup>1</sup> (*Appendix 9* of this manual) and notify the person entitled that he has done so.

The processing SMGS carrier is to handle the claim and notify the results of the case to the competent carrier.

The CIM competent carrier is to notify the final result of the assessment of the claim to the person entitled.

Suspension of the period of limitation in the area in which the CIM Uniform Rules apply comes to an end when the documentation submitted is returned to the person entitled or the claim is sent on to the processing SMGS carrier .

#### 12.3.3 The CIM/SMGS claims handling procedure for claims submitted in the area in which the SMGS applies

If the processing SMGS carrier (*Appendix 9* of this manual) establishes that the cause of the loss or damage did not lie or did not lie exclusively within in the area in which the SMGS applies, it is to assess the claim for damages relating to liability in the area in which the SMGS applies and notify its decision to the claimant.

For subsequent handling within the area in which the CIM Uniform Rules apply, the processing SMGS carrier is to send the claim together with the documentation submitted to the last CIM carrier/contractual carrier<sup>2</sup> (*Appendix 9* of this manual) and notify the claimant that he has done so.

The last CIM carrier/contractual carrier is to handle the claim and notify the results of the assessment of the claim to the processing SMGS carrier.

The processing SMGS carrier is to notify the final result of the assessment of the claim to the claimant.

---

<sup>1</sup> The processing carrier of the SMGS forwarding railway for consignments from the SMGS area to the CIM area; the processing carrier of the destination SMGS railway for consignments from the CIM area to the SMGS area.

<sup>2</sup> CIM contractual carrier for consignments from the area in which the CIM Uniform Rules apply towards the area in which the SMGS applies; last CIM carrier for consignments from the area in which the SMGS applies towards the area in which the CIM Uniform Rules apply.

#### 12.3.4 List of addresses

The list of addresses of the departments of carriers to which claims must be sent for further handling under the CIM/SMGS claims procedure is given in *Appendix 9* of this manual.

### 12.4 Payment of compensation

#### 12.4.1 Principle

Payment of compensation for damages which have arisen from the total or partial loss of, or damage to, goods covered by a CIM/SMGS consignment note is to be made by the competent CIM carrier to the person entitled or by the processing SMGS carrier to the claimant. If the competent CIM carrier cannot make payment of the compensation approved direct to the person entitled or if the processing SMGS carrier cannot make payment of the compensation approved direct to the claimant, the provisions below apply.

#### 12.4.2 Payment of compensation in accordance with point 12.3.2

Payment of compensation approved by the SMGS carrier is to be made by the competent CIM carrier to the person entitled once the competent CIM carrier has received the amount in question from the processing SMGS carrier.

#### 12.4.3 Payment of compensation in accordance with point 12.3.3

Payment of compensation approved by the CIM carriers will be made by the competent railway department to the claimant once the processing SMGS carrier has received the amount in question from the competent CIM carrier.

#### 12.4.4 Invoicing the compensation paid

Invoicing between CIM carriers and the processing SMGS carrier is to be in accordance with the agreements they have made between themselves.

## 13 **Seals**

The following special provisions apply to consignments from states which apply the CIM Uniform Rules:

- a) Covered wagons which have not been sealed by customs or other administrative authorities are to be sealed on forwarding either by the consignor or by the carrier, as agreed.
- b) The consignor is to seal closed UTI which are presented for carriage loaded.
- c) The tally number and description of the seals are to be entered on the consignment note (box 26 for customs and other administrative body seals and box 20 for consignor and carrier seals attached on forwarding).

## 14 Authorisations, agreements

### 14.1 List of addresses

*Appendix 4* to this manual contains the list of addresses of departments to which applications for the authorisations and agreements below are to be sent.

### 14.2 Consignments from states which apply the CIM Uniform Rules

#### 14.2.1 Authorisation to load

The goods listed below are only accepted for carriage after having been authorised in advance by the SMGS carriers participating in the carriage:

- a) items with an individual mass exceeding 60 tonnes;
- b) items exceeding 18 metres in length;
- c) goods which exceed the loading gauge shown in SMGS Appendix 5, even if on only one of the railways (out-of-gauge loads);
- d) goods requiring transshipment that are consigned on low-loader wagons;
- e) railway rolling stock on its own wheels when it has to run over sections of route with a different track gauge.

Processing of the application:

Consignor (at least a month before the start of the CIM movement)  
↓  
CIM carrier (at the forwarding point under the CIM contract of carriage)  
↓  
SMGS carrier (at the reconsignment point)  
↓  
CIM carrier (at the forwarding point under the CIM contract of carriage)  
↓  
Consignor

After consulting the SMGS carriers taking part in the movement, the SMGS carrier at the reconsignment point is to provide the numbers of the authorisations. These numbers are to be entered in box 7 (Consignor's declarations) of the CIM/SMGS consignment note.

### 14.2.2 Perishable goods

Perishable goods, which are not loaded in mechanical refrigerated wagons or wagons with temperature control, are only accepted after having been authorised in advance by the SMGS carriers participating in the movement.

Processing of the application:

Consignor (at least seven days before the start of the CIM movement)  
 ↓  
 CIM carrier (at the forwarding point under the CIM contract of carriage)  
 ↓  
 SMGS carrier (at the reconsignment point)  
 ↓  
 CIM carrier (at the forwarding point under the CIM contract of carriage)  
 ↓  
 Consignor

The consignor is to enter the following remark in box 20 (description of the goods) of the CIM/SMGS consignment note “perishable goods – neither monitoring nor maintenance of a specific temperature is required on any part of the journey”.

After consulting the other SMGS carriers taking part in the movement, the SMGS carrier at the reconsignment point will provide the numbers of the authorisations. These numbers are to be entered in box 7 (Consignor’s declarations) of the CIM/SMGS consignment note.

### 14.2.3 Consignments with absent or inadequate packing

Consignments with missing or defective packaging are only accepted after having been authorised in advance by the SMGS carriers participating in the movement.

Processing of the application:

Consignor (at least 14 days before the start of the CIM movement)  
 ↓  
 CIM carrier (at the forwarding point under the CIM contract of carriage)  
 ↓  
 SMGS carrier (at the reconsignment point)  
 ↓  
 CIM carrier (at the forwarding point under the CIM contract of carriage)  
 ↓  
 Consignor

After consulting the other SMGS carriers taking part in the movement, the SMGS carrier at the reconsignment point will provide the numbers of the authorisations. These numbers are to be entered in box 7 (Consignor’s declarations) of the CIM/SMGS consignment note.

### 14.3 Consignments from states which apply the SMGS

#### 14.3.1 Agreement to carry

The forwarding contractual SMGS carrier must reach agreement with the CIM carrier at the reconsignment point before sending the consignment.

Applications for authorisation for each traffic axis and for a specific period of time are to be sent at least seven days before the beginning of the movement (or a month in the case of an exceptional consignment, even when the consignment is only considered exceptional over part of the route). They must contain at least the following information: traffic axis, description of the goods. After processing of the application with other CIM participating carriers, the CIM carrier at the reconsignment point will provide the contractual SMGS carrier with the authorisation number and as appropriate, the special conditions which are to be applied with effect from the forwarding railway station. The agreement number is to be entered in box 64 (Carrier's declarations) of the CIM/SMGS consignment note. See point 15.1 below.

For consignments which are to be carried as exceptional consignments within the CIM area and under CIM conditions, even if only over a section of the journey, the CIM carrier at the reconsignment point is to inform the contractual SMGS carrier of the authorisation number which is to be entered into box 7 of the consignment note under code 11.

If the characteristics of individual consignments differ from the information supplied and accepted in the authorisation process, the contractual SMGS carrier is to ask the CIM carrier at the reconsignment point if the authorisation can be extended to them or if a new authorisation is necessary. After consideration of the application, the CIM carrier at the reconsignment point is to inform the contractual SMGS carrier of the result.

## 15 **Customs processes**

### 15.1 Obligations regarding customs security procedures and other customs obligations

Before goods enter the European Union (EU), it is necessary to check that the customs security obligations and other customs obligations which apply to that territory have been satisfied.

If the simplified transit procedure for rail is to be used within the territory of the European Union (EU) or that of the contracting parties of the EU/EFTA Convention on a Common Transit Procedure, for consignments from states that apply the SMGS, the contractual SMGS carrier is to ensure that details of the contractual CIM carrier and the principal to the movement are entered on the consignment note before the consignment enters the territory of the European Union. To allow this to be done, the CIM carrier at the reconsignment point is to inform the contractual SMGS carrier of the details to be entered in box 66 of the consignment note when he supplies the agreement number in accordance with point 14.3.1.

### 15.2 Supply of the invoice

For consignments from states in which the CIM Uniform Rules apply, the consignor is to supply the invoice for the goods with the consignment note.

**16 Dangerous goods**

Dangerous goods are only accepted for carriage if they satisfy the provisions of the RID and SMGS Appendix 2<sup>1</sup>.

**17 Deliberately left blank****18 Loading tackle****18.1 Consignments via Poland and Romania**

Except where otherwise agreed between the CIM carriers and SMGS carriers concerned, CIM carriers' loading tackle (wagon sheets etc.) will only accompany the consignment to the point of transshipment.

Privately owned loading tackle will accompany the consignment to the final destination station.

**18.2 Consignments via Bulgaria, Hungary, Slovakia and the Sassnitz/Mukran – Klaipeda ferry**

CIM carriers' loading tackle (wagon sheets etc.) is not permitted.

Privately owned loading tackle will accompany the consignment to the final destination station.

**C. Paper consignment note****19 Specimen**

A specimen consignment note is shown in *Appendix 5* to this manual. It consists of six numbered sheets in A4 format:

Sheet		Retention of the sheet
No	Description	
1	Original of the consignment note	Consignee
2	Invoice	Carrier who delivers the goods to the consignee
CIM 5 SMGS 3	Duplicate of the consignment note	Consignor
4	Delivery note	CIM → SMGS traffic: carrier who delivers the goods to the consignee SMGS → CIM traffic: not used
CIM 3 SMGS 5	Arrival note/Customs	CIM → SMGS traffic: consignee/customs SMGS → CIM traffic: destination carrier/customs
6	Duplicate invoice	CIM → SMGS traffic: forwarding carrier SMGS → CIM traffic: not used

Where consignments come from states that apply the SMGS, the consignor is to make out

<sup>1</sup> The forwarding carrier is to supply the information necessary.

SMGS Appendix 2 may be ordered from the SMGS carriers at the reconsignment point – see addresses in *Appendix 4* of this manual.

additional copies of the invoice, two copies are to be made out for the contractual SMGS carrier and one copy for each successive SMGS carrier. A specimen of the additional invoice is shown in *Appendix 5.1* of this manual.

Where consignments come from states that apply the CIM Uniform Rules, these additional copies of the invoice are to be supplied by the SMGS carrier at the transshipment/gauge change point in the form of photocopies of the invoice which are to be authenticated by the date stamp.

When the consignment note is produced as a computer printout, the following conditions must be observed:

- content: no departure from the specimen
- layout: as little departure from the specimen as possible

The back of CIM/SMGS consignment notes may be printed on special sheets (supplementary sheets).

## **20 Groups of wagons and containers consigned using a single CIM/SMGS consignment note**

Groups of wagons and containers may be consigned using a single CIM/SMGS consignment note and a CIM/SMGS wagon list/container list provided there has been prior agreement between the consignor and the carriers taking part and provided the following conditions are satisfied:

- same consignor and consignee,
- same acceptance point/forwarding station,
- same delivery point/destination station,
- same commodity (unless agreed otherwise).

Explanatory notes on the use of CIM/SMGS wagon lists and container lists together with specimens of them are shown in *Appendices 7.1 to 7.4* of this manual. The procedure to be followed in the event of detaching wagons or containers consigned using a single consignment note is given in *Appendix 7.5* of this manual.

## **D. Electronic consignment note**

### **21 CIM – Functional equivalence as the legal basis (CIM Article 6 § 9)**

The consignment note and its duplicate may be created in the form of an electronic data record which can be transformed into legible written symbols. The procedures used for data storage and processing must be functionally equivalent to those for the paper system particularly in so far as the evidential value of the consignment note represented by that data is concerned.

### **22 SMGS – Agreement between carriers, consignors and consignees who apply the SMGS as the legal basis**

The contract of carriage may be concluded using an electronic consignment note. The electronic consignment note fulfils the function of the paper consignment note and is an electronic data record which is identical to the data record of the paper consignment note. If necessary, this electronic consignment note and any supplementary sheets may be printed on paper to the format shown in *Appendix 5* of this guide. The original data is to be retained in addition to any altered data where data input to the electronic data record is altered in accordance with the provisions of the SMGS.

**23 Agreement for the use of electronic data interchange for international freight traffic by rail (EDI agreement)**

The carriers and the customers (consignors and consignees) are to set down the messages to be exchanged and the ways in which electronic consignment note data will be exchanged in a contract.

**24 Deliberately left blank**

**E. Final provisions**

**25 Amendments and additions**

Amendments and additions to this manual which affect both the CIM and SMGS contracts of carriage will be made after having been jointly agreed between the CIT and OSJD.

Members of the CIT and participants in the SMGS are to send their proposals for amendments and additions to the General Secretariat of the CIT and to the Committee of the OSJD simultaneously, providing the information which is to appear in *Appendices 1, 3, 4 and 9* of this manual. Amendments and additions will come into effect fourteen days after being made known by the General Secretariat of the CIT and the Committee of the OSJD.

The General Secretariat of the CIT is to notify the Committee of the OSJD of amendments and additions which exclusively concern the CIM contract of carriage 45 days before they come into effect.

The Committee of the OSJD is to notify the General Secretariat of the CIT of amendments and additions which exclusively concern the SMGS contract of carriage 45 days before they come into effect.

**26 Proposals for the beginning and end of the application**

Members of the CIT and participants in the SMGS are to send any proposals which they have decided to make on the beginning and end of carriage in accordance with this manual simultaneously to the CIT General Secretariat and Committee of the OSJD, supplying the information laid down in Appendix 1. These notifications will come into effect the first day of the second month after their notification by the CIT General Secretariat and the Committee of the OSJD.

### 3 Traffic axes

#### 3.1 Preamble

This manual applies to the traffic axes defined by points 3.2 and 3.3 of this appendix.

This manual may also be applied to other traffic axes provided the CIM carriers, SMGS carriers, consignors and consignees concerned have agreed. The procedure is described in point 3.4 of this appendix.

#### 3.2 CIM carriers

This guide applies to traffic axes agreed between the customer and the carrier as well as between the carriers themselves (c.f. point 4 paragraph 2 of this manual).

### 3.4 Procedure for achieving agreements

#### 3.4.1 Request

A request to add another traffic axis must include the following information at least:

- traffic axis, including the station in which reconsignment takes place and the station in which transshipment or change of gauge takes place;
- carriers/participants;
- consignee;
- type of traffic (traffic in full wagonloads or containers);
- description of the goods.

The request must be in Russian and in English or French or German.

<sup>1</sup> Container handling.

## 3.4.2 Processing, timescales

Consignor	Request made.
↓	
Forwarding carrier	(At the latest, five calendar days after receiving the request from the consignor)
↓	
Participating carriers	(At the latest, fifteen calendar days after receiving the request from the forwarding carrier. This period may be extended if, exceptionally, liaison with governmental bodies is required. This liaison must take place immediately and the forwarding carrier/railway is to be kept informed promptly. The last carrier is also to examine the request with the consignee)
↓	
Forwarding carrier	(At the latest, thirty calendar days after the request was originally received from the consignor, except where the period is extended)
↓	
Consignor	

The requests and replies are to be transmitted by e-mail, fax or telegram.

3.4.3 The requests must be sent to the addresses indicated in *Appendix 4* to this manual.

## Appendix 2 (see point 7 of this Manual)

# Explanatory notes on the content of the CIM/SMGS consignment note

## 1 Boxes on the CIM/SMGS consignment note and their content

Notes:

- Except where this appendix provides otherwise or otherwise agreed between the consignor and carrier, boxes 1 to 29 are to be completed by the consignor (with the exception of box 26 (customs endorsements)).
- If the space within a box is inadequate and the edge of the box is marked with a dotted line, the entry may be continued outside the box. The clarity of entries within the boxes encroached on must not be compromised. When there is still inadequate space even after doing so, supplementary sheets must be used. These supplementary sheets will become an integral part of the CIM/SMGS consignment note and must be the same size as the CIM/SMGS consignment note and be produced in the same quantity as the CIM/SMGS consignment note has sheets. In addition to the data for which there has been no space on the consignment note, the consignment number and the date of acceptance of the goods must be entered on these supplementary sheets. A reference to these supplementary sheets in box 9 of the CIM/SMGS consignment note is also necessary.
- The entries in boxes 7, 13, 14, 63, 64 and 65 are partially in code and partly in plain text. To avoid ambiguity, in all correspondence the code values must be identified by their box number (for example code 1 in box 7 must be described as “code 7.1”).
- Status:

## CIM charging sections

- a) Charging sections A and B only apply to the CIM contract of carriage. They all have the same format. In order to avoid any ambiguity, in any correspondence, the boxes in the sections must be qualified by the number of the section in question (for example A. 57).
- b) Where a Customer Agreement providing for centralised charging is applied, only one charging section is to be used for the whole of the journey covered by the agreement no matter whether the charges set down in the agreement are expressed as sectional or inclusive charges.
- c) Every carrier who enters charges to account is to use a distinct charging section. If there are insufficient charging sections, supplementary sheets must be used (only applicable to paper consignment notes).

# Explanatory notes on the completion and content of the CIM/SMGS wagon list

## 1 General provisions

Except where otherwise agreed, the consignor is to make out the CIM/SMGS wagon list and give it to the forwarding carrier with the CIM/SMGS consignment note.

As many copies of the CIM/SMGS wagon list must be attached as the CIM/SMGS consignment note has sheets. This must include the additional copies of the invoice described in point 19 of this manual.

The following entry must be made in box 19 of the CIM/SMGS consignment note: "See list attached".

## 2 Content

Except where otherwise agreed between the consignor and the carriers, the explanatory notes below apply to the completion of the CIM/SMGS wagon list:

### 3 Languages

The provisions of point 8 of this manual are applicable to the languages to be used for the description of the boxes and the content of the CIM/SMGS container list.

### 4 Documents produced as computer printouts

When the CIM/SMGS container list is produced as a computer printout, the following conditions must be observed:

- content: no departure from the specimen;
- layout: as little departure from the specimen as possible.

**Appendix 7.4**  
(see point 20 of this manual)

## **Specimen of the CIM/SMGS container list**

## Appendix 7.5 (see point 20 of this manual)

### Procedure to be followed in the event of detaching wagons or containers from groups of wagons/containers consigned using a single CIM/SMGS consignment note

The information specified in Appendix 2 of this manual on the drawing up of a re-consignment invoice sheet/ accompanying sheet must be entered in box 64 of the CIM/SMGS consignment note.

The detachment is to be recorded in the line for detached wagons or containers correspondingly in box 30 according to Appendix 7.2 or to box 28 according to Appendix 7.4. Alternatively, the number of the detached wagon or container may be crossed out in such a way that it remains legible.

For the subsequent journey, a reconsignment invoice sheet or an accompanying sheet conforming to sheet 2 of Appendix 5 to this manual is to be drawn up **for each wagon or container detached**.

A copy of the consignment note and the wagon/container list must be attached to the reconsignment invoice sheet or accompanying sheet.

The following endorsements are to be indicated in box 20 of the reconsignment invoice sheet or accompanying sheet:

- 'reconsignment invoice sheet/accompanying sheet relating to consignment number ... (consignment number) of ... (date shown in box 70 or box 28) for ... (consignee, postal address)'
- 'stopped because of ... from... (date)... (time) to ... (date) ... (time)'
- date stamp and signature

A new consignment number is to be allocated and entered in box 69 of the reconsignment invoice sheet or accompanying sheet:

- country code and station code of the station at which reconsignment is processed
- code for the carrier and consignment number in accordance with national legislation at the point where the reconsignment invoice sheet or accompanying sheet was created.

Otherwise, the invoice sheet for the reconsignment/accompanying sheet is to be processed in accordance with the SMGS official instructions in the SMGS area and the GTM-CIT in the CIM area.
